As we have therefore opportunity, let us do good unto all men, especially unto them who are of the household of faith.

A letter from a recipient of our food distribution

This is grandmother Chawantha who lives with two single daughters and seven grand daughters and two grand sons. Finding food for all these kids are terribly difficult. She is one of our members. Her two daughters were divorced by the uncaring husbands. She was one day surprised one other day when she heard she was one of the beneficiary of the maize distribution by pastor Nkhoma. This is the maize that been donated by our sister church based in America. These are the words that were quoted. She said my God is the God that cares!! This is almost a week gone without putting a pot on a fire. We were just waiting for the day to die. By this time she was weeping while saying thank God for his mercies that He can feed her family members through someone behind the mountain(Meaning America) after she was tipped the maize was donated by well wishers .As old age as I am this is my first time ever that I have seen a church donating maize in time of drought like this she continued. Tell these churches from behind the mountain that Mulungu awadalitse(God bless) Lastly let them know not all there rivers get to the sea but there help has really got where it really meant for and troubles still existing zikomo kwambir (thanks very much) Pray to see you if not in this earth see you heaven.
