We rented this 7 ton truck to bus in 120 people. Rain or shine these folks ride to church or special events in open vehicles.....And you worry about a bad hair day...

2016 Graduation Class

(Our third year)

During our second year graduation at the end of all our ceremonies Rev. Don Postell challenged the audience asking, “Where are the ladies”. He said, “Next year I want to see the woman in school too.” Well they took the challenge. Eight ladies graduated from their first year to second, all with exceptional grades!”

Two of our students began holding services at the orphanage. Many others preach throughout the villages with an excitement that is contagious.

Students attend school paying only a small registration fee. Classes are provided at no cost to the students. It is our goal to one day pay the professors a small amount. Donors here in the USA provide books, notebooks, pens etc.. for each student.

Please pray for these students as they are making a difference in the bush country. They share the information learned in school with villages, establishing pray meetings. When 30 to 40 people attend regularly a church is established and a building constructed for approximately \$1,900.

130 friends and family attended our 2016 Graduation. This lovely church building in town was donated as well as all the robes. The Lord has shined his face upon us once again!
